## The Simplicity of Shades with the Versatility of Motorized Operation

- Motorized FlexShades are available in any size from 2' through 14' wide. Larger sizes are available with FlexShade 2 or Colossal FlexShade.
- Furnished with mounting brackets. Optional fascia cover, headbox, and extruded aluminum pockets with bottom closure are available. *See page 20 for hardware details.*
- Multiple Motorized FlexShades can be coupled together to reduce the number of motors required. *See page 21.*
- Available with a variety of motor options including: quiet, built-in radio frequency control, battery or low voltage operation. Motors are installed on the right-hand side as standard. *See page 8 for details.*
- Wall switch included with each shade, or choose one of our versatile control options. *Details on page 8.*
- Redesigned brackets are now one size and may be modified on site for wall or ceiling mount.
- Dual roller operation is available for this product. *See page 15.*
- Blue and Green Chroma Key screens for video production can also be specified with this product.
