Cleaning Info:	Contact Manufacturer
Spline:	Yes
Railroading:	Yes

These room-darkening window shade fabrics are constructed of tough, close woven fiberglass.

Coated on both sides with durable, sun-resistant, flexible vinyl.

Flame, fade and mildew resistant, washable and tear proof.

Designed for the toughest service without that "institutional look".

SB9100 fabrics have a neutral coloured backing for heat protection and a uniform appearance from the exterior.

If you require additional fabric samples please E-mail: samples@frasershading.com
